

Why ALAP INSPEKTOR?

- Is your measurement and HR capacity limited?
- Don't you have the appropriate measurement technology in-house?
- Have you got a deadline?

MEASUREMENT PROBLEM SOLUTION

Member of **alap** group
alap inspektor
 inspection and measurement technique

ALAP INSPEKTOR ENGINEERING OFFICE

Accredited Measurement Laboratory
 Dimensional Measurement Technology /
 Geometrical Measurements

 GEOMETRICAL MEASUREMENTS	 RE-MODELLING (RE-ENGINEERING)	 X-RAY AND COMPUTED TOMOGRAPHY (CT)	 MATERIAL QUALITY AND SURFACE QUALITY CHECK	 DURABILITY TEST OF COATINGS	 CRACK AND INCLUSION TESTS, QUALIFICATION OF WELDING
digitalizing evaluation with protocol color spectrum	CAD model, preparation of 2D drawing	inspection based on scanning	tensile, bending, material composition, texture, hardness, roughness test	corrosion, weather, water, humidity, oil, petrol, drip resistance, pencil tests, adhesion test, grid cut test, impact test	crack, penetration and magnetic particle examination of welded joints and surfaces, radiographic examination, ultrasonic examination
