

Why ALAP INSPEKTOR?

- Is your measurement and HR capacity limited?
- Don't you have the appropriate measurement technology in-house?
- Have you got a deadline?

MEASUREMENT PROBLEM SOLUTION

Member of **alap** group
alap inspektor
 inspection and measurement technique

ALAP INSPEKTOR ENGINEERING OFFICE

Accredited Measurement Laboratory
 Dimensional Measurement Technology /
 Geometrical Measurements

<p>GEOMETRICAL MEASUREMENTS</p>	<p>RE-MODELLING (RE-ENGINEERING)</p>	<p>X-RAY AND COMPUTED TOMOGRAPHY (CT)</p>	<p>MATERIAL QUALITY AND SURFACE QUALITY CHECK</p>	<p>DURABILITY TEST OF COATINGS</p>	<p>CRACK AND INCLUSION TESTS, QUALIFICATION OF WELDING</p>
<p>digitalizing evaluation with protocol color spectrum</p>	<p>CAD model, preparation of 2D drawing</p>	<p>inspection based on scanning</p>	<p>tensile, bending, material composition, texture, hardness, roughness test</p>	<p>corrosion, weather, water, humidity, oil, petrol, drip resistance, pencil tests, adhesion test, grid cut test, impact test</p>	<p>crack, penetration and magnetic particle examination of welded joints and surfaces, radiographic examination, ultrasonic examination</p>
